

Review of School Sport Funding 2015 – 2016

£8,255

Need	Action	Impact	Cost
As a small rural school we need to be aligned to other schools in the area. We cannot provide enough varied opportunities for the children on our own.	Continue as a member of Sandy School Sports Partnership – Benefit to all the school – staff and children. Including :- staff training; intra-school competitions; curriculum support; inter-school competitions; Year 3,4 sports leadership; bikeability for KS2; British Red Cross activity session; quality assurance of after-school clubs	Staff receive professional training – impact - PE provision is of high quality. Children have access to sports activities at competition level - impact is increase in skills and confidence for both staff and children. Chance to compete in tournaments and competitions – impact is opportunities to promote values education – skill of being a good winner as well as a good loser	£1,850
Increased WLS staff competence and skill acquisition in order to support the delivery of high quality PE across the school.	Enrol 2 TAs on Level 5 Certificate in Primary School PE Specialism	Impact is improved quality of PE provision for all the pupils. Increased opportunity for being successful at cluster tournaments – WLS is entering all tournaments this year.	£1775
Provision of wider opportunity across all age range, including EYFS	Ice skating at Frosts Garden Centre for whole school	Community event with excellent support from the parents. EYFS children encouraged to try a new skill and returners improved on performance – raised confidence as a consequence. One pupil has taken up activity in own time and achieving awards	£440
Swimming for KS2 to meet the needs of the curriculum + transport costs	10 sessions with qualified instructors at Saxon swimming pool	All children improved swimming ability – a lesson for life as it's a skill that could save	£890 (contribution)

		lives	
As a small school – especially important that we provide opportunities for adventure, problem solving and resilience in the outside world	Residential Frontiers Activity Centre – activities include high ropes, raft-building, king swing and mission impossible	Character building, opportunity to try adventurous pursuits in a safe environment. Feedback from all the children and the parents was very positive – all valued the experience	£1270 (contribution)
To provide training and networking opportunities for PE Subject Leader	Attendance at the Bedfordshire and Luton Primary PE Conference 23 rd March	Workshops and inspirational speaker deepened knowledge of key areas – assessment in particular. Knowledge shared with staff to improve standards	£120
Specialist coaches to teach skills in preparation for tournaments in local cluster – although tournaments mainly accessible to KS2, planning ahead for future years	Cricket:- sessions during curriculum time for both KS1 and KS2. Tennis:- sessions during curriculum time for both Ks1 and Ks2	Pupils have the skills and knowledge to participate in the tournaments with confidence and an improved chance of winning (whatever the outcome). Opportunities include athletics, cricket and tennis. Opportunities to mix with their peers from other schools in community	£750
Opportunities for KS1 to participate in competitive activities	Coaching sessions and transport to the venue (local Lower School)	Opportunities to mix with their peers from other schools in community. Gamesmanship practice and experience	£360
Playground resources in need of refreshing and updating. Children need to have things to play with that are both attractive and motivating.	Purchase of equipment for use by the children at play-time, for use in the Playground Challenge and at after school club.	There are less behaviour issues at playtimes. Most pupils engaged in activities of their own choice. Further opportunities to promote social skills and value of respect for property	£800
Total spent to date			£8,255
